

## **Stephanie Hill BA, EPC**

**Life Experience** – I have worked with the aging population for almost 40 years, this has been obtained through volunteer, education and my employment. I have been a committee member on the BEAAC committee for approximately 17 years, a couple of years off for maternity leave. I am passionate in working with elders. I find them very valuable and share such wisdom and knowledge.

I have worked primarily in community setting, also long-term care facilities. I am currently on a short-term contract with BEAAC through Victim Services. I do consulting for many years and most recent I launched my business June 2019, Aboriginal Senior Wish, however due to covid, it is currently on hold, since March 2020.

**Education** – I have my degree from McMaster University in Gerontology and Sociology, I am a Social Service Worker, also an Elder Planning Designation, I worked in the financial sector for few years, and also for those who remember, a Health Care Aide, which is now a Personal Support Worker.
