

Bev Evans, CFP, TEP, CIP, EPC
Wealth Advisor, Portfolio Manager
Richardson GMP

Bev Evans is a Wealth Advisor who has specialized in working with women clients for over twenty five years. Recognized by Wealth Professional magazine as a *Woman of Influence* herself in 2016, she has developed a deep, practical understanding of how to communicate effectively with women.

An early adopter of the EPC designation, Bev has a passion for working with the elderly, and the families of those who are facing age-related challenges.

She has been consulted extensively by industry and media for her holistic approach, and we're delighted she is back presenting at this year's EPC.
